

## **Welton-le-Wold practical workday**

**Date:** Wednesday 9th December - 10.00am - 2pm (approx.)

**Location:** Welton le Wold - Meet at the Coach House (see attached PDF for directions)

**Details:** The local community of Welton le Wold, with the support of the Lincolnshire Chalk Streams Project, is running a practical conservation day to look after their beautiful chalk stream that runs through the village.

They'll be clearing some of the in-channel weed to ensure that the stream flows throughout the winter months, and doesn't flood the little country road that runs alongside it.

So if you'd like to come and lend a hand then please do get in touch via facebook or get in contact with our monitoring officer, Will Bartle – [william.bartle@lincolnshire.gov.uk](mailto:william.bartle@lincolnshire.gov.uk) or 01522 555783.
